Project Accounting

The Clarity Accounts Receivable application is the solution for all organizations that need to bill and track payments for miscellaneous services.

This software will allow you to track, maintain, and manage all of your accounts receivable billings. Use detailed invoices or combined statements to assist your collection and information tracking process. Easily record payments, calculate penalties/late fees, and print statements, invoices, and payment reminder notices to keep yourself and your customers on track. This flexible software gives you the option to enter invoices manually or set up recurring invoices, which simplifies the payment process.

CAPABLE

- *Complete customer information inquiry and reporting.*
- *Generate user-defined invoices, statements, letters, and delinquent notices.*
- *Automate penalty and sales tax calculation.*
