

BUSINESS TAX COLLECTION

INTERFACES WITH

Business License

Cash Receipting

General Ledger

Clarity Business Tax Collection is designed for any city that needs to file tax returns for licensed businesses that charge sales tax.

Business Tax Collection is the perfect addition to the Clarity Business License application, and the direct interface between the two allows you to streamline the process of creating, filing, and tracking your tax returns. Generate tax forms to send to your businesses that will automatically populate the information from the previous year, which saves both you and your businesses the hassle of reentering information. All that is left to do is verify the accuracy of the information, making small changes where necessary.
